## LICHT

- gut ausgeleuchtete Bühne an allen Positionen
- Wenn möglich: Lichttechniker/In der/die für die richtige Licht-Stimmung sorgt
- (!) wir benötigen eine Möglichkeit unser **Backdrop (4m x 1m)** aufhängen zu können

## CATERING

- We prefer a separate backstageroom only for us - NON SMOKING AREA
- In order to prepare for our show, we need the backstage area to be quiet and free of fans, people who have no business being backstage
- Easy access to running water and clean toilettes
- Towels and still water backstage and on stage
- Local Beer
- Fruits (Bananas, Apples, ...)
- Snacks
- We prefer light vegetable meals
